

MILITARY SPOUSES WANTED FOR DUTY

As a military spouse, you've made sacrifices, too. And you deserve the opportunity to thrive in a career all your own. Get the training you need to compete for the in-demand advanced manufacturing jobs of the future.

Operation Next is now enrolling.

OpNextJobs.com

Western Technical College

YOU'RE A MILITARY SPOUSE. BUT YOUR CAREER SHOULDN'T BE AWOL.

Training is fast and flexible. Students combine online learning with hands-on, lab-based activities where you practice the skills you learned on real-world industry equipment. Western's CNC track prepares you for an in-demand job that comes with a great salary.

All active and retired guard and reserve members and military spouses are eligible.

Computer Numerical Control (CNC) Training at Western Technical College November 2, 2021–March 31, 2022

**Complete online learning at your own pace and attend flexible,
open lab hours on Tuesdays & Thursdays | 4–8 PM and Saturday, 8 AM–4 PM
(No lab hours: 11/25, 11/27, 12/23, 12/25, 12/28, 12/30)**

CNC Operators use their keen eye for detail and their mechanical aptitude to create an end product that meets customer specifications. From stocking the material to running the parts, CNC operators perform an essential role in advanced manufacturing. Participants who complete this certificate program will have the job skills needed to operate a CNC mill and lathe. This training enhances your knowledge of dimensional measurement, print reading, and basic material properties. CNC operators are in high demand in advanced manufacturing jobs across the state.

Starting salary range \$35,000-\$40,000

When you are done with the training, take the final assessment whenever you're ready! You will then have a portable, industry-recognized credential!

GET THE CAREER—AND FUTURE—YOU DESERVE. IF YOU'RE READY TO RISE TO THE CHALLENGE, ENROLL IN OPERATION NEXT. TO LEARN MORE, GO TO [OPNEXTJOBS.COM](https://www.opnextjobs.com).

THIS TRAINING IS AVAILABLE TO YOU AT NO COST

Competency-based CNC training is held at
Western Technical College
400 7th Street North
La Crosse, WI 54601
